## World Class Adventures Monthly Newsletter

## Are you ready for another adventure???

By Bridget Perriman, Director, World Class Adventures

When it comes down to it, each of us has a different travel dream.

That dream may be a destination that captured the imagination long ago; a special interest that you have the opportunity to pursue only by journeying far and wide; that delightful experience of trying something new; the warm, familiar feeling you get when you reconnect with memories in a place you've been before; the desire to once again experience "wonder," that amazing emotion wrapped up in curiosity, surprise, and awe.

After such a long gap, our travel dreams are now just over the horizon, and with them rediscovery, experiencing travel once again through fresh eyes as if it was the first time you went exploring.

Many of our customer were unable to travel in 2020, and are taking the opportunity to make sure that 2021 and 2022 are BIG years - to tick a dream off their bucket list. Where are you inspired to adventure??

## CUSTOMER FEEDBACK

## ELLA, Bristol

I've recently used World Class Adventures to book a trip to Mexico for next year. The service was great, given I'm awful at making decisions they were so patient and accommodating while I made my mind up on the destination. Communication also clear and really quick responses when asking for more info on certain itinerary points. Looking forward to some sun, thanks!!
