Trailblazer: get off-the-beaten-track

For you, travel is all about discovery. We can help you explore hiking trails only the most experienced guides know, taste local delicacies you won't find on any restaurant menu, and choose homestays where you'll get to know the people behind the destination.

Leave the flocks of tourists behind and journey into some of the world's remotest regions on a tailor-made trip that's off the beaten track. We're every bit as intrepid as you feel, and we spend time discovering the lesser-known areas of our destinations, finding a richness of the culture that's matched by the lack of tourists. We bottle this first-hand knowledge into organising trips that take you to untouched corners of the world, sometimes only accessible by boat or light aircraft.

Trek in one of the largest mountainous rainforests remaining in Africa. Cross Siberia in Russia to 'the Land of Fire and Ice', so named for its active ring of volcanoes. Cruise through the icy landscape of the Antarctic Peninsula, passing penguin colonies. Places where the remoteness will live up to your sense of adventure.

Active adventurer: breathe in the great outdoors

If you'd much rather be in a pair of hiking boots than flip flops, the thought of zip-lining through cloud forest gives you a buzz, and a lodge set in complete wilderness is your ideal place to stay, we can design a trip that fulfils your adventurous side.

If you like to shift up gears, not down, on holiday, our tailor-made activity trips take you on outdoor pursuits to the backdrop of the world's most beautiful natural scenery. Discover the wide-open spaces of places such as Borneo's rainforests; India's national parks; or Australia's Outback on a walking, trekking or cycling trip. We can also build outdoor activities into part of your wider holiday — a hot-air balloon ride over canyons in South Africa, white-water rafting at the Nile's source in Uganda or beach hopping in French Polynesia.

We've experienced the outdoor activities we offer and will match the adventure you're after to the right destination for you. We can offer ideas based on your particular interests and what time of year you want to travel.

Pleasure seeker: enjoy the finer things in life

In addition to arranging private guides and drivers throughout your trip, we can plan experiences like sailing aboard your own yacht, staying at a maharajah's palace, or dining by candlelight in a secluded spot beneath the stars.

Travel to Victoria Falls aboard a vintage-style train, follow a private guide in Kyoto's geisha district, relax in an opulent spa on a private island in the Seychelles.... On a tailor-made luxury holiday, you can indulge in the finest options your way. We'll design your ideal trip with you, paying close attention to your interests, your travel style and your individual tastes. Our specialists know the best guides, finest hotels and most exclusive activities and can lead you to experiences you won't find in a guidebook.

Explore Vietnam's emerald waters and limestone islands on a restored junk. Spend the night in a restored kasbah in Morocco's High Atlas Mountains. Spot the Big Five on safari in a private reserve in Botswana. Wake up in a penthouse overlooking Bondi Bay. Take a Caravaggio-inspired one-on-one painting class in Rome.

An overwater bungalow in the Maldives. The tropical gardens of Kandy House hotel in Sri Lanka. An ecolodge in Costa Rica. What tempts you? Travel at your own pace, in your own style, with the confidence that we'll show you the best luxury options, wherever you go.

Nature lover: enter the animal kingdom

Spotting an orangutan swinging from the canopy. Falling asleep to distant lion roars. Trekking through jungle in search of mountain gorillas... If your travels are motivated by wildlife encounters, we'll create a trip that gives you the best chance of seeing the animals on your list

Our tailor-made wildlife holidays put you close to the world's most heart-stirring animal encounters. In the very north of the world, view polar bears in the harsh beauty of the Arctic. Track tiger in India's national parks to a chorus of colourful birdlife. Drift along the Kinabatangan River in Borneo to spot orangutans in one of their last natural settings. Or find giant pandas in the bamboo forests of China's mountainous north.

Our specialists have personally experienced all these trips and will tell you the best ways to spot the animals you want to see, pick local guides who really know their stuff, and suggest hand-picked places to stay during your trip.
